B+G AVENUE FORM TABLE

Tables » Dining Height Tables

A sturdy, refined Aluminum table for outdoor dining, study and gathering, with a clean profile that pairs easily with straight or curved modular seating.

- ✓ Outdoor Suitable
- ✓ Easy Install

Description	Avenue Form Table delivers a sturdy, refined surface suited to outdoor dining, study and gathering. The clean profile integrates easily with both straight and curved seating. Table battens are available in powder-coated, or Alugrain timber-look finishes that reduce reliance on hardwood while retaining natural warmth. Avenue Form Tables extend the Avenue Form collection’s refined language into spaces for gathering, dining and collaboration. Clean lines and a disciplined profile create a confident architectural presence, integrating seamlessly with both straight and curved seating configurations. Designed to anchor activity, the tables bring structure and purpose to plazas, campuses, and public environments. A signature bullnose detail to the two outer battens softens the edge, while reinforcing the collection’s crafted architectural character. Inclusive by design, considered proportions and generous clearances support comfortable use across a range of public settings. The ADA compliant high table option ensures access and ease of approach, enabling inclusive dining and shared experiences without visual compromise. Designed in Australia and manufactured in the USA, Avenue Form is built for the pace, density, and diversity of today’s urban environments. Robust Aluminum construction delivers enduring performance, while a considered palette of finishes allows each installation to respond to its context with cohesion and clarity.
How to Specify	1. Batten finish - Powder Coat or Alugrain. 2. Frame Powder-Coat colour
Sustainability	We locally source our steel and Aluminum. It means we know it uses recycled content and is 100% recyclable.
Finishes	Powdercoat or Alugrain
Dimensions	79" (2000mm) x 28" (720mm) x 28" (713mm)
Batten Type	Aluminum
Frame	Mild steel, zinc-primed, powder-coated.

Weight	149.5lbs/67.8kg
Made In	USA
Lead Time	6-8 weeks
Assembly & Delivery	Ships fully assembled
Fixing Detail	Fixed only. Surface fixed by others. Anchors not included.
Care Instructions	Care + Maintenance <u>Powder-coat</u> Regular cleaning helps protect the long-term appearance of powder-coated finishes. Wash surfaces with warm water and a non-abrasive, pH-neutral detergent, using a soft cloth or brush, then rinse thoroughly. Avoid harsh solvents, abrasive cleaners and high-pressure washing, as these may damage the coating. In coastal, marine or industrial environments, increase cleaning frequency to minimize the build-up of salts and pollutants which can accelerate weathering. <u>Alugrain</u> Alugrain timber-look finishes require low maintenance and should be cleaned periodically with warm water and a mild, non-abrasive detergent. Use a soft cloth or soft brush and rinse thoroughly to maintain the wood-grain appearance. Avoid abrasive cleaners, solvents or high-pressure washing, as these may damage the decorative coating. In high-exposure environments, increase cleaning frequency to preserve color and surface integrity.
Warranty	5-year warranty. View the warranty for more details.
Customisable	As this item is made to order locally, customization is available on request
