B+G AVENUE BOLLARD

Minimalist bollard design combines practical function with a clean aesthetic. The steel frame is available in powder-coat or galvanized finishes.

Description	A minimalist steel frame delivers a modern bollard design that takes its cues from 20th century industrial design. The functional feel and light appearance of the Avenue bollard complements and sits within most public spaces to create a protective or architectural perimeter. Finishes include a steel frame in powder-coat colors or a galvanized finish.
