Compact capsule double litter bin design for undercover. Panels in hardwood or Duraslat™ colors, and cut-out designs in powder-coat finishes.

Description Designed with Australia's most famous beach in mind, the Bondi capsule double bin proves that litter bins can add to the aesthetics of undercover or indoor public spaces. Its compact profile, curved corners and cut-out designs make it a sleek and versatile waste management option. Finishes include hardwood or Duraslat™ colors and powder-coat finishes.

How to Specify Select your size - double
Select your capacity - 32 gal (120L)
Select your body frame color
Select your feature panel design
Select your feature panel finish
Select your fixing type

Sustainability Certified Hardwood
Australian Eucalyptus hardwood is sourced from sustainable forests certified by the Program for the Endorsement of Forest Certification (PEFC), the world's largest forestry certification system.

Material Alternatives
We offer sustainable alternatives to hardwood, such as Duraslat™; a mineral-based composite material that contains no Volatile Organic Compounds (VOCs) and is engineered using up to 46% natural filler that is based on a renewable mineral.

Recycled Materials
We locally source our steel. It means we know it uses recycled content and is 100% recyclable.

Low Pollutants
Our powder-coating process doesn't emit VOCs and has Environmental Product Declarations (EPDs) that enable projects to qualify for LEED credits.

Care Instructions

Hardwood

Cleaning

Remove any loose surface deposits with a soft bristled brush and wipe down with fresh water and a non-abrasive cloth.

Oiling

Oiling of timber will postpone natural greying, repel moisture, improve mould resistance, help maintain a smooth surface texture and enhance the grain and colour.

To maintain, lightly sand rough areas of timber and brush on one coat of timber decking oil every 6 months or as required.

Duraslat™

Cleaning

Clean with mild soap and water and use a soft brush to remove any dirt build-up.

Powder-Coat

Cleaning

Carefully remove any loose surface deposits with a wet sponge or soft bristled brush.

Use a soft (non-abrasive) cloth or brush and a diluted solution of mild detergent and warm water.

Ensure surfaces are thoroughly rinsed with clean fresh water after cleaning to remove all residues.

Never use thinners, abrasive cleaning agents, alcohol-based, acid or alkali cleaning agents.

Warranty

5-year warranty. View the [warranty](#) for more details.

Additional Comments

Panel designs available in hardwood battens, Duraslat™ battens or powder-coated steel panels in plain or perforated cut-out designs.

Hardwood is treated with a UV-resistant oil finish in a light or dark tone.

All 4 sides are clad in 1 material option.

Compression lock prevents door rattling.
