Modern table design with contrasting finishes, folded forms. Battens in hardwood or Duraslat colors and steel frame in powder-coat finishes.

Description	Inspired by the Italian love of modern design, the Sorrento table is as much at home in the public spaces of Chicago as it is on boardwalks of the Mediterranean. The contrasting finishes, folded forms, and modular table design combine to create public spaces that draw the eye and challenge the status quo. The frame features a striking asymmetrical cut-out design that is visible from all directions adding to the unique visual aesthetics of the table. Finishes include battens in Australian Eucalyptus hardwood or Duraslat™ colors and steel frame in powder-coat finishes.
