Contemporary bench seating. Light in scale. Battens in hardwood or Duraslat™ colors and slim-line steel frame in powder-coat finishes.

## Description

Slim-line, powder-coated steel framing together with linear Australian Eucalyptus hardwood or Duraslat™ battens provide the Alfresco bench with a contemporary aesthetic that is light in scale. As its name implies, Alfresco is suited to outdoor communal dining, ideal for educational or corporate campuses, bars, cafes, and restaurants.

## How to Specify

Select your length
Select your batten finish
Select your frame finish
Select your fixing type

## Sustainability

Certified Hardwood
Australian Eucalyptus hardwood is sourced from sustainable forests certified by the Program for the Endorsement of Forest Certification (PEFC), the world's largest forestry certification system.

Material Alternatives
We offer sustainable alternatives to hardwood, such as Duraslat™; a mineral-based composite material that contains no Volatile Organic Compounds (VOCs) and is engineered using up to 46% natural filler that is based on a renewable mineral.

Recycled Materials
We locally source our steel. It means we know it uses recycled content and is 100% recyclable.

Low Pollutants
Our powder-coating process doesn't emit VOCs and has Environmental Product Declarations (EPDs) that enable projects to qualify for LEED credits.
