Seating » Benches

Modern, modular, circular bench seating in a large tall size with hardwood battens and a steel frame in 17 powder-coat colors.

**Description** Connect circle large tall modular bench seating is versatile, durable, and sustainable, making it suitable for a wide range of outdoor or indoor spaces. It connects with the Connect circle interlock large low to create a tiered seating design. These can be grouped with the range of 18 seating modules, consisting of geometric shapes, and interlocking elements that can transform any public space into a social hub. Connect features certified Australian Eucalyptus hardwood battens with bullnose edging and a steel frame in 17 VOC-free powder-coat colours that can be customized to suit your project.

**Made In** USA

**Dimensions** Ø96"W x 28"H  
(Ø2450mmW x 700mmH)

**Weight** 822lbs (373.5kg)

**Batten Type** Class 1 + Select Grade Hardwood: Australian Eucalyptus with bullnose edging

## Care Instructions

### Hardwood

#### Cleaning

Remove any loose surface deposits with a soft bristled brush and wipe down with fresh water and a non-abrasive cloth.

#### Oiling

Oiling of timber will postpone natural greying, repel moisture, improve mould resistance, help maintain a smooth surface texture and enhance the grain and colour.

To maintain, lightly sand rough areas of timber and brush on one coat of timber decking oil every 6 months or as required.

### Powder-Coat

#### Cleaning

Carefully remove any loose surface deposits with a wet sponge or soft bristled brush.

Use a soft (non-abrasive) cloth or brush and a diluted solution of mild detergent and warm water.

Ensure surfaces are thoroughly rinsed with clean fresh water after cleaning to remove all residues.

Never use thinners, abrasive cleaning agents, alcohol-based, acid or alkali cleaning agents.

---

## Additional Comments

Hardwood is treated with a UV-resistant oil finish in a light or dark tone.
