Seating » Benches

Modern, modular, circular bench seating in a large low size with hardwood battens and a steel frame in powder-coat colors.

Description	Connect circle large low modular bench seating is versatile, durable, and sustainable, making it suitable for a wide range of outdoor or indoor spaces. This can be used as a stand-alone module or paired with the range of 18 seating modules, consisting of geometric shapes, and interlocking elements that can transform any public space into a social hub. Connect features certified Australian Eucalyptus hardwood battens with bullnose edging and a steel frame in VOC-free powder-coat colours that can be customized to suit your project.
How to Specify	Select your batten finish Select your frame finish
Sustainability	<p><b>Certified Hardwood</b> Australian Eucalyptus hardwood is sourced from sustainable forests certified by the Program for the Endorsement of Forest Certification (PEFC), the world's largest forestry certification system.</p> <p><b>Recycled Materials</b> We locally source our steel. It means we know it uses recycled content and is 100% recyclable.</p> <p><b>Low Pollutants</b> Our powder-coating process doesn't emit VOCs and has Environmental Product Declarations (EPDs) that enable projects to qualify for LEED credits.</p>
Powder Coat	Core Signature Bold
Dimensions	Ø96"W x 18"H (Ø2315mmW x 450mmH)
Batten Type	Class 1 + Select Grade Hardwood: Australian Eucalyptus with bullnose edging
Frame	Powder-coated steel
Weight	677lbs (307.6kg)

Made In USA

---

Lead Time 6-8 weeks

---

Assembly & Delivery Shipped fully assembled on pallets.

---

Fixing Detail Fixed by others. Fix direct to a concrete slab or through pavers and into a concrete slab.

Depending on the location, the seating modules can be placed without them being fixed to a slab.

---

## Care Instructions

### Hardwood

#### Cleaning

Remove any loose surface deposits with a soft bristled brush and wipe down with fresh water and a non-abrasive cloth.

#### Oiling

Oiling of timber will postpone natural greying, repel moisture, improve mould resistance, help maintain a smooth surface texture and enhance the grain and colour.

To maintain, lightly sand rough areas of timber and brush on one coat of timber decking oil every 6 months or as required.

### Powder-Coat

#### Cleaning

Carefully remove any loose surface deposits with a wet sponge or soft bristled brush.

Use a soft (non-abrasive) cloth or brush and a diluted solution of mild detergent and warm water.

Ensure surfaces are thoroughly rinsed with clean fresh water after cleaning to remove all residues.

Never use thinners, abrasive cleaning agents, alcohol-based, acid or alkali cleaning agents.

---

Warranty 5-year warranty. View the [warranty](#) for more details.

---

Additional Comments Hardwood is treated with a UV-resistant oil finish in a light or dark tone.
