B+G OASIS SQUARE UMBRELLA

Commercial-grade square umbrella engineered for maximum shade and durability. Marine-grade frame, premium canopy fabrics, and patented lift technology for easy use.

Description

The Oasis Square center pole umbrella, is a Timeless Classic. Manufactured by Shadowspec and strategically engineered to maximize functional floor space in high-specification covered outdoor commercial areas.

The Square model delivers reliable, maximized shade, effectively transforming courtyards and covered outdoor retail areas into highly functional spaces for public use.

Its construction is built for longevity, utilizing marine-grade components to perform consistently. The canopy is crafted from premium Solution-Dyed, fade-resistant Sunbrella and Recasens fabrics, which deliver exceptional UPF 80+ UV Protection (Ultraviolet Protection Factor) and a robust wind rating of 50m/h (80km/h).

Operational efficiency is ensured by patented technology designed for maintenance teams. Larger sizes feature the SHADOWPOP™ tension-assisted lift, while smaller sizes utilize the SHADOWPUSH™ pin-free locking mechanism, which enable safe, single-person use by maintenance teams.

A logical, confident infrastructure investment, providing a robust weather-protected outdoor solution that is validated by a 6-year frame warranty.

Available with two sizes, 6’7” and 9’10” with your choice of post only, surface plate or steel flat plate base.

How to Specify

Select the size

Select the fabric color for the canopy

Select post only or your preferred base

Material

Frame is made from marine-grade aluminium and stainless steel.

Canopy is made from Solution-Dyed, fade-resistant
